

A white motorboat is shown from a low-angle perspective, floating on a clear blue sea. The boat's hull is white, and it has a stainless steel railing. A person wearing a hat is visible on the deck. The water is a deep blue, and the sky is a lighter blue with some light clouds. The boat is moving towards the viewer, and a rope is visible extending from the boat down into the water.

NZOC

NEW ZEALAND OCEANIC CHARTERS

**FOR
GREAT
SCIENCE
&
SMALL
CELEBRATIONS**

NZ Oceanic Charters is based in the Hauraki Gulf, Auckland, New Zealand. It operates day and overnight charters around the stunning Hauraki Gulf, including destinations such as Great Barrier Island, Little Barrier Island, Hen and Chicken Islands, Mokohinau Islands and the famous Poor Knights Marine Reserve.

HAWERE, OUR FLAGSHIP

Hawere was designed as a research vessel, including diving, for University of Auckland by LOMOcean Marine Naval Architects and built by Qualicraft at Matakana in 2000. At 15m and powered by twin 6-cylinder, 420hp Caterpillar engines, Hawere cruises at 18kts, with a top speed of 24kts. She is ideal for diving, scientific work, bird watching and recreational groups of up to six people overnight in bunk style accommodation, plus two crew, or 20 on day trips.

MARINE SCIENCE

When you're testing the water

Hawere is a purpose-built research vessel, suitable for a wide range of commercial activities, including light towing. She has plenty of secure stowage for sensitive equipment, a highly functional cockpit, easy boarding access and davits for deploying her 3.3m RIB with 25hp outboard or ROVs. Belowdecks, she has a spacious meeting/dining area with full 240V power supply. The full electronics package includes sonar to assist observation underwater.

RECREATIONAL CRUISING

When you're planning a wet weekend

For fun on the water and underneath, Hawere is ideal for celebrations such as birthdays, small wedding groups and Christmas cruises. She can sleep up to six guests overnight – plus two crew – and up to 20 on day trips. We have an onboard liquor licence with full galley facilities, and a well-appointed marine toilet and shower. Hawere's shallow draft means she can tuck in close to the beach while her guests enjoy all-round views from the sheltered pilothouse.

DIVING CHARTER

When your business is going under

Hawere is a serious dive boat, with an onboard compressor, a functional cockpit to aid kitting up, easy access to and from the water, stowage space for gear, a marine toilet/shower off the cockpit and the fuel range to explore the famous Poor Knights marine reserve, Mokohinaus and Great Barrier Island. Her davit can deploy and retrieve the 3.3m RIB and ROVs. We can arrange a dive master for your group if required.

CONTACT US FOR AVAILABILITY RATES & BOOKINGS

All of our vessels may be booked for a variety of activities, and rates are set according to the specific charter. Each vessel includes a skipper and can be booked out as a private concern. Individuals who wish to join other charter bookings, for example dive centre charters, can be introduced to our preferred dive operators.
